B. REPORT FROM YOUR SUPERINTENDENT

The educational scene changes in some detail from year to year but in reviewing last year's school report it is obvious that many outstanding features continue to exist to the benefit of Tuftonboro youngsters.

Conscientious, well-trained teachers serve in the classrooms.

Adequate teaching material and supplies are being provided.

The school plant is especially well cared for and improvements are made as requirements develop.

The transportation situation is most satisfactory.

The lunch program is providing outstanding service.

The School Board members are sincere, interested, and capable individuals.

The parents support the school people and show concern for the welfare of youth.

Our aspirations should not be limited to the maintenance of the status quo and we must constantly examine, evaluate and modify the curriculum, the school plant, and other facilities and activities to the end that the educational offerings square with the needs of society and youth.

With "Sputnik" and other recent developments, there is good reason to view the development of human potential as an important aspect of our national defense. The preparing of youth for effective living in the future no doubt requires much emphasis in the area of science, but until our spending on the national level is in better proportion to our spending for liquor and tobacco, we could well afford to improve the total educational effort, not slighting any important area of learning. Other areas of conspicuous significance follow:

Physical Fitness and Health
Citizenship
Skill Subjects

Moral and Spiritual Values The Fine Arts

I am grateful for the opportunity to work closely with Superintendent Day, especially during the month of December, and wish to make the same a matter of record.

As your new Superintendent, I pledge my best efforts to the responsibilities and duties of the office to which I have been elected.

JASON E. BOYNTON
